April 22, 2021

Dear Student,

We have been notified by a family or staff member that a positive case of COVID-19 has been diagnosed in an individual from Chinook Learning Services at James Fowler High School.

While Chinook Learning Services High School Upgrading is currently not open for in-person learning, we are working closely with AHS to ensure necessary measures continue to be in place to protect all staff and students. This includes the cleaning and disinfecting of all items touched by the individual, and the removal and storage of all items that cannot be cleaned and disinfected (paper, books, etc.) in a sealed container for a minimum of 72 hours.

The school has already contacted each family or staff member affected by the positive case, and AHS will be following up only with those individuals. If you were not contacted, you are not affected by the positive case.

All students directed to quarantine by AHS will be supported in maintaining course work during the designated period through D2L. They will not join Hub online learning.

We remind you to monitor for any signs or symptoms of COVID-19. The Alberta Health daily checklist can be found [here](#).

If you have any of the symptoms of illness listed on the Alberta Health daily checklist, please fill out the online [Alberta Health Services COVID-19 self-assessment](#) or call Health Link at 811 and **stay home**.

We will continue to provide additional information to you as it is available.

Sincerely,

Joan Miles

Assistant Principal, Chinook Learning Services High School
